

Where business leaders connect, share  
and prosper

### **One Hour Weekly Meetings**

We have rotating agendas with variety and interaction built into each week. The agendas guide your chapter through an effective, results oriented business meeting. You will have an opportunity to educate other chapter members about your business and the types of referrals you need.

### **Training and Development**

All three of our meeting models include training and development. The Master Networks University, an exclusive member benefit, contains business training to help you work **on** your business and not just **in** your business.

### **Affiliate Rewards Program**

Sponsor others into any Master Networks Chapter across the U.S. and receive \$10 per month in affiliate rewards. Our corporate national revenue share program gives back 25% of our revenue to our members. The monthly reward is payable as long as you and those you sponsor are members – there is no limit to the number of people you can sponsor!

### **Month-to-Month Membership**

No long term contract needed at Master Networks. However, once you join it will be tough to leave as the value of your membership becomes apparent.

### **Exclusivity**

Once you have applied and been accepted into your Master Networks Chapter, no one else from your industry will be accepted. Some exceptions may occur with your approval. For example, banking could include a business banker, personal banker and mortgage broker.

#### MISSION AND VISION

We are a membership network of learning-based, service-oriented entrepreneurs and business leaders.

We meet in local chapters, powered by nation and regional platforms, to connect, share and prosper.
