

Where business leaders
connect, share and prosper

One Hour Weekly Meetings

We have rotating agendas with variety and interaction built into each week. The agendas guide your chapter through an effective, results-oriented business meeting. You will have an opportunity to educate other chapter members about your business and the types of referrals you need.

Exclusivity

Once you have applied and been accepted into your Master Networks Chapter, no one else from your industry will be accepted. Some exceptions may occur with your approval. For example, banking could include a business banker, personal banker and mortgage broker.

Training and Development

All three of our meeting models include training and development. The Master Networks University, an exclusive member benefit, contains business training to help you work **on** your business and not just **in** your business.

Month-to-Month Membership

No long term contract needed at Master Networks. However, once you join it will be tough to leave as the value of your membership becomes apparent.

Affiliate Rewards Program

Sponsor others into any Master Networks Chapter across the U.S. and receive \$10 per month in affiliate rewards. Our national revenue share program allows you to earn back your dues – and even make money, as there is not limit on the number of members you can sponsor. The monthly reward is payable as long as you and those you sponsor are members – there is no limit to the number of people you can sponsor!

MISSION AND VISION

We are a membership network of learning-based, service-oriented entrepreneurs and business leaders.

We meet in local chapters, powered by national and regional platforms, to connect, share and prosper.
